FARMER FRAUD  
RESULTS IN 5  
PRISON TERMS

George Shaw Hunted For Eight Years By Mail Operatives Found

Tragedy closed hands with justice yesterday as George Shaw, 61, grown old in the practice of a nation-wide fraud against farmers, put one quivering hand to his ear to hear through stunted senses the voice of United States Judge St. Sure sentence him to five years in Leavenworth Penitentiary for swindling growers while acting as a commission man in Richmond in March, 1919.

## HUNTED 8 YEARS

Shaw was indicted by a San Francisco Federal Grand Jury June 24, 1919, on a charge of fraudulent use of the mails. Search for him continued unabated for more than eight years and extended over nearly every state in the union. Then he was arrested in Atlanta, Georgia, last month. He was returned to San Francisco to answer there to authorities who refused to forget him.

## LOCAL FRAUD \$6000

The amount of his peculations in Richmond was placed at \$6,000. Shaw pleaded guilty, and apparently was little affected by the almost sure certainty that there would be no parole this time for one who had sinned against the common good as many times as he.

## FOUR PRISON TERMS

His depredations against farmers began in 1908 at Charleson, S. C., and were interrupted only by the four terms he served in Federal penitentiaries, according to Postal Inspector George E. Lewis, who read to the court the defendant's record.

## FREED—ARRESTED

The ironical side of the situation was brought out when testimony revealed that Shaw had just completed serving nearly eight years of a ten year term at Atlanta penitentiary when he was arrested and brought to San Francisco to face the eight year old charge growing out of his Richmond operations. The specific charge in both cases was use of the mail to defraud.

## MAIL SCHEME FRAUD

It is stated that Shaw defrauded farmers out of large quantities of farm products consigned to him under the name of the G. N. Shaw Product company of Richmond, Calif. Those named by the government as having supplied the company with butter, eggs, grain and other farm products as the result of inducements in literature mailed them by Shaw were F. Andrew Mueller, Giggs, Ward and Harper, Morgan Hill, F. E. Brown, Lincoln, and F. J. Cardozo, of Sheridan. Shaw is said to have sold the goods and to have fled the state.

Shotgun Toter  
In Sanity Quiz  
Just 'Cautious'

MARTINEZ, Oct. 18.—Charge of insanity preferred against Richard Van Eaton, 81 year old retired Standard Oil Company employee, who walked into the Richmond police station last week with a loaded shotgun and inquired for Chief of Police Dan Cox, was dismissed today by Superior Judge A. B. McKenzie when a hearing held before the sanity commission developed a situation akin to a comedy of errors.

Van Eaton admitted going to the jail with a loaded shotgun and his inquiry for Cox but told the court he carried the weapon as protection against a man who had threatened his life and who had coerced him into giving away his automobile in order to silence the man from speaking alleged falsehoods about him.

Officers, aroused by the entry of the aged man with a shotgun and his inquiry for Cox, reached the conclusion that Van Eaton intended harm to the official. Van Eaton said his visit to Cox was for the purpose of informing him of the demand for his automobile as the price of silence. Police officers declared they had checked out Van Eaton's story and found it to be correct.

WEALTHY C. C.  
WOMAN HELD ON  
RUM EVIDENCE

Witnesses Testify That Woman Was Intoxicated At Time of Crash

Mrs. Mary Porter, 52, wealthy Contra Costa land owner faces a charge of illegal possession of liquor at the time she is alleged to have run down and seriously injured Miss Ellen Millich, Oakland art student, at Twenty-second street and Telegraph avenue, Oakland, September 14th last, as the result of the testimony of three witnesses in the court of Police Judge Howard L. Bacon yesterday. Mrs. Porter was bound over to the superior court on the strength of the testimony of these witnesses on a charge of driving an automobile while intoxicated.

Two other charges filed against Mrs. Porter are still pending. One of the charges is illegal possession of liquor, and the other is reckless driving.

Mrs. Lillian Barrington, 651 Fifty-first street, was the chief witness for the prosecution, which was conducted by Deputy District Attorney Fred Donahue. Mrs. Barrington testified that Mrs. Porter failed to observe a boulevard stop at Twenty-second street, that she was "very apparently" in an intoxicated condition and that she attempted to hide a flask of whiskey in the hallway of an apartment house at 551 Twenty-second street.

The testimony of Mrs. Barrington, who said that she witnessed the accident, was borne out by C. J. Adair, 543 Twenty-second street, who said he was attracted to the scene by Patrolman J. J. McCormick and the screams of Miss Millich after she was struck by the automobile.

MCCORMICK declared that Mrs. Porter tried "several times" to start her automobile after he had removed the ignition key to prevent her making an escape.

Manual Soares of Livermore was called by Walter Gleason, defense attorney, and told the court that he was with Mrs. Porter at the time of the accident and had been with her for an hour before it occurred. He declared that neither he nor Mrs. Porter had taken a drink of liquor during that time.

HAD FLASK: CHARGE Soares testified that after the accident Mrs. Porter removed a flask from her purse and tried to give it to him, but he said that he did not know what the flask contained.

In his story of the accident, Soares said that he noticed Miss Millich crossing Twenty-second street several feet ahead of the Porter automobile and that Mrs. Porter applied the brakes. As the machine failed to slow down, he said, she cried:

"My God, the brakes won't work."

According to the police Miss Millich was dragged 35 feet by the Porter automobile. She sustained an injury to her back which has necessitated her being placed in a plaster cast, and her injuries are so extreme that she is confined to her home at 554 Twenty-seventh street and was unable to attend the preliminary hearing yesterday, according to the court.

Mrs. Porter resides in Albany. She is at liberty, pending her trial in the Superior Court on \$1,000 bail.

The men are: RICHARD ORTH, Proprietor of a transfer company in Martinez, and ANSELMO MAGLIOLA, 30 years of age.

There was no one on the scene, but it is believed that the two men were loading the heavy valve-riding machine on a light truck 1 1/2 years of age when it tipped, crashed through the side of the truck and bore the two men beneath its weight.

Magliola's skull was fractured and Orth's body was crushed and his skull fractured.

Students of the part-time school heard the crash and ran to the scene. They succeeded in lifting the heavy machine from the two bodies but the men were already dead.

The remains were received by the Branscher and Connolly chapel and Coroner Aubrey Wilson was notified. He has begun an investigation and will set the date of the inquest later.

Husband's Apology To Wife  
Fails To Quell Divorce Suit

MARTINEZ, Oct. 18.—The unusual spectacle of a husband, defendant in a divorce suit, taking the witness stand and begging pardon of his wife for his actions and words was enacted in Superior Judge A. B. McKenzie's department yesterday afternoon, but it availed the husband nothing for his wife was adamant and asked and secured an interlocutory decree of divorce.

The husband was Fred Hartkopf, 48, a Richmond gardener, who is serving a six months sentence in the county jail for having attacked his son, Fred, Jr., with a butcher knife when the youth went to his mother's defense in a Richmond store after Hartkopf had struck her.

Sun Forecloses On Game As  
Bankers, Lions Fight It Out

At First street park yesterday afternoon at 4 o'clock Bob Smith's Roaring Lions came face to face with the Richmond Bankers. The Lions showed them up and when they go through, they had another victory to their credit. The score was 5 to 4.

There was nothing sensational about the game—no home runs, nor hectic moments of the bases being full with two outs and all the rest. But it was a good, fast-playing game. Plenty of errors were made on both sides, but that only added zest to the game. Had there been no errors, there might not have been any score.

Despite the swigs of the bankers from bottles of highly-colored soda pop, they were unable to squelch their rivals. They started out by getting three runs the first inning from Miller. He knuckled down after that and held them to nine hits. Bliss took the mound for the Bankers and short-changed the Lions to five hits. But they made the hits count. Lou Burke for the Lions and Pat McDonald for the Bankers. (Continued on Page Six)

## MAN WHO ASKED RIDE KILLED IN AUTO ACCIDENT

An unidentified man who sustained injuries in an automobile accident near Bay Point Monday afternoon, passed away at a Martinez hospital yesterday morning. The remains have been received by Deputy Coroner C. H. Gray of Concord and an inquest will be conducted by Coroner Aubrey Watson who is investigating the circumstances.

The man, thought to be an immigrant, hailed W. T. H. 822 Ward street, Martinez, on the Martinez-Bay Point highway and asked a ride to Pittsburg. At Bay Point, the car crashed into and overturned a truck of the Ice Cream Company of Pittsburg.

Roley, a companion, R. Buckman of Martinez, and Christian Hanni, driver of the truck, were severely cut and bruised. They were treated by Dr. H. D. Nott at Bay Point.

Roley was on route west, driving from a side road into the main Pittsburg highway while the truck was being operated in a westerly direction. According to Capt. G. A. Belon of the traffic squad the forward portion of the passenger car was crushed by the impact of the crash.

The dead man is described as being about 60 years of age, height, five feet, eight inches, weight, 175 pounds, with light eyes, light brown hair, dressed with gray, a mustache and light beard. He was portly built.

A label in his coat bore the name of J. A. Unsworth of Troutings, Oregon. According to word received here, a man as the same name is missing from Maratfield, Oregon. Coroner Wilson is communicating with the chief of police of that city to establish the identification of the dead man.

Captain Belon cited Roley, his companion, Robert Ruckman, also of Martinez, and Hanni, became Deputy District Attorney James F. Hovey for further investigation of the circumstances surrounding the fatal crash. Authorities are still undecided whether either driver should be held responsible or the wreck classified as "unavoidable."

JACKSON—Work begun improving streets here at cost of \$22,000.

## Safety Director Is Speaker At Lions' Meet

L. E. Collins, superintendent of the Santa Fe railroad, was speaker at the meeting of the Richmond Lions club yesterday, and gave an interesting account of the hazards in ordinary life. He stated that the bathtub and carbon monoxide gas from the exhaust of the automobile are the most common causes of death. The well known bar of a motorist told that he is commonly known as a potential wrecker of not only homes, but highways, in the fact that the prevention of accidents is an object of importance in the policy of many of the motor clubs throughout the United States.

Ward McTacken assisted by H. Robbins, saxophone artist, provided the entertainment for the day.

Members of the Lions club were invited by Dr. A. B. Hinkley in behalf of the Elks to take part in the cornerstone laying of Woodrow Wilson school next Saturday afternoon.

## ENSEMBLE STYLE SERVICE

## Your Opportunity To Be Well Dressed!

Have you ever wondered at the ease with which some men wear their clothes? They are always perfectly attired—their appearance is pleasing to the eye at all times.

There is nothing complex about looking your best.

The "secret" lies in the skill with which a man harmonizes his clothing and accessories—shirts, ties, hose, kerchiefs, shoes. Color is the basis of this selection, but type is important, too.

The dark man looks best in certain colors—the man with auburn hair can only wear others. Every type has a different Ensemble.

We have studied this phase of clothing very carefully and will be more than pleased to assist you in your selection.

FALL OVERCOATS ARE  
HERE, TOO. COME IN  
AND LOOK THEM OVER.

## "BIG PARADE" HAS BIG GAME HUNTER ROLED

Tom O'Brien, who plays the part of Bull, the hard-boiled cop in Kind Vidor's great film version of Laurence Stallings' story "The Big Parade," playing at the California theatre, has had an interesting career. This man is much in demand as a character actor in motion pictures, conducts a large automobile agency and maintains an extensive law practice in Los Angeles.

O'Brien has led an active life in most every corner of the world; has hunted snakes and birds in India, Java, Borneo, New Hebrides and Siam, and was special gun guard with Paul Reaney during that explorer's famous American hunt. He has specialized in buying orange-ouangs in wild countries, and has traveled with most of the circus of the country.

As if this wasn't enough he was one of the best football players ever turned out at the University of California. His all-around talents, from which he received a degree of Doctor of Law, He was selected in 1908 by the Los Angeles Rams as the best of right half-backs for his All-American team.

But his war record is the thing O'Brien views with the most pride. He joined the navy in 1917 and served continuously until 1919. During this time he saw active service at the front in France for eleven months, serving as a gunner under the outfit of Admiral Plunkett, with the great naval guns used in the artillery support of the American offensive.

John Gilbert stars in "The Big Parade" with Rene Adoree featured. O'Brien and Karl Dane have the roles of Gilbert's pals in this big Metro-Goldwyn-Mayer spectacle.

## We "launder" the Gas before you get it

It comes to you clean

The gas used in your home for cooking, water heating and house heating is delivered to you clean.

Right after gas is made it passes through large "scrubbing" tanks. Then it goes through purifiers. Only pure gas that burns clean passes into the pipes that lead to your home.

That is why gas is a clean fuel.

And gas is all fuel. When you want heat, it is instantly ready—to burn gently for a second or two or to burn vigorously for hours.

Because gas is so clean and convenient, a gas range, gas water heater or a gas-fired furnace saves your time and effort.

## "TWELVE MILES OUT" IS SHOWN AT RICHMOND

Exciting, thrilling and vivid romance again film fans in "Twelve Miles Out," Metro-Goldwyn-Mayer's mystery melodrama of the high seas which opens at the Richmond theatre today.

It is one of the fastest adventure stories of the season and John Gilbert's latest starring vehicle. Adapted from William Anthony McGuire's famous Broadway hit, it comes to the screen with added dramatic appeal. It tells the tale of run-runners, hijackers, revenue cutters and the kidnapping of beautiful women. Through it all runs

one of the sweetest love stories ever screened. As the swashbuckling hero Gilbert has an ideal role. He takes daredevil chances, stages desperate battles and follows the course of an amazing intrigue.

Joan Crawford makes a charming heroine, Ernest Torrence a villain who is a strange mixture of sinister traits and whimsical humor. Others of the excellent supporting cast are Tom O'Brien, Bert Roach, Eileen Percy and Edward Earle. Jack Conway directed.

Other film features include "Slipping Wives," a comedy featuring Priscilla Dean; and the latest Fox News events.

Mrs. May Mortenson will entertain the members of the sewing club of the Contra Costa temple of Pythian Sisters 112, at her home, 612 Fortich street this afternoon.

### Heavy Loss From Fire Described To Fellowship

How fire loss may be cut down was told last night by Richmond's fire chief, W. P. Cooper, who spoke before the Men's Fellowship of the First Christian church at the monthly dinner. Cooper cited the case of Portland where the fire loss had been cut from eight dollars per thousand population to \$2.78, and mentioned Richmond's record of having the lowest fire loss per capita in the United States for a city of Richmond's size. Cooper attributed the low loss to cooperation with the fire department in the matter of fire precautions.

The thirty-third birthday of Rev. Aldis Webb of the First Christian church was celebrated at the dinner. Two songs were sung by a men's chorus, and a duet was sung by Rev. and Mrs. M. H. Greenlee. "Fathers' and Sons' Night" will be featured at the next meeting of the Fellowship, Tuesday evening, November 15.

### Indian Name Chosen By Each Girl of Gnan-nah-lah

Each girl of the Gnan-nah-lah group of Campfire Girls yesterday chose an Indian name which expressed her ambition or ideal in life, and will work out a symbol to represent it. The group meets at the First Presbyterian church. The next meeting will be Tuesday, October 25, according to Miss Thelma Wagner, who is in charge of the group.

### Firemen Come Home With Sixteen Bass

Sixteen bass, averaging five pounds each, were brought home yesterday by a squadron of the Richmond fire department, purchased on the coast being consumed here.

This establishment during the years past has received many compliments for the care and the thorough manner in which every detail is carried out. Those who know will bear that out.

### LINCOLN KINDERGARTEN TO BE AT P. T. A. MEET

The kindergarten class of the Lincoln school will perform their meeting of the Lincoln Parent-Teacher Association, which meets at the school tomorrow afternoon at 2 o'clock.

RED BLUFF Additional fire equipment ordered for fire department here.

The Richmond school department yesterday petitioned the state railroad commission for assurance of an adequate water supply for the new Woodrow Wilson elementary school now in course of construction at Forty-second street and Roosevelt avenue.

The hearing took place in the city council chambers in conjunction with the continuance of the hearing of Fred Meyer, head of the Pullman Water company, asking that the East Bay Water company be restrained from furnishing service in the Pullman territory.

City Superintendent of Schools W. T. Heims declared that the Pullman Water company can not furnish sufficient water to meet the needs of the new school.

The mains at present, he said, are not sufficient to take care of the plasterers and masons at the school.

The pressure is not sufficient to fill a stream to the second floor of the building, it is said. The school department asks that water be supplied either through an East Bay Water main already installed near the school or through a Pullman company main hooked with the East Bay line.

Meyer claims that the East Bay company several years ago agreed to purchase his holdings but since that time has made no effort to buy. On these grounds, Meyer seeks to have the East Bay company ejected from his territory.

Residents of the section are said to favor the service of the East Bay company, maintaining they are not receiving an adequate supply from the Pullman Water company.

### Lillian Cottrell To Leave Post

### Motorists Passing Schools Warned Of 15M.P.H. Limit

SACRAMENTO, Oct. 18—State traffic officers today received orders to arrest any person traveling past a schoolhouse, where children are either entering or leaving, at a speed in excess of 15 miles an hour.

The order was issued by Frank G. Snook, chief of the division of motor vehicles when a check of the records revealed that more than a score of school children were either killed or injured by motorists during the first two weeks of school.

The officers were told to charge such persons with reckless driving.

Authority for the order was obtained by Snook from Section 113-b of the motor vehicle act which prohibits a speed greater than 15 miles an hour in the vicinity of schoolhouses where children are either entering or leaving.

"The best way to do this is to keep your speed down," he said.

"Watch carefully at intersections and between parked cars. Children are liable to dodge out at any minute on their way to and from school. Remember your hurry to get to your destination may rob someone of a loved one."

## GOLDEN BEARS MEET WINGED "O" SATURDAY

BERKELEY, Oct. 18.—Can the Olympic club, reputedly possessed of the greatest collection of grid-iron stars to be found on the Pacific Coast, take the measure of California's rejuvenated Golden Bears this Saturday.

Some forty or fifty thousand spectators are expected to be on hand in the Memorial stadium this week-end see for themselves if the well-balanced "mystery team" of California can stop Messrs. Kael, Sweet, Yoder and the rest of the All-American or All-Coast stars who represent the Winged O. If California can beat the clubmen in decisive fashion, Bear stock will rise a few more points and they will go south the following week with an even chance against Southern California in the "crucial" game of the month.

Glancing back over the records we find that California has played four games to date this year.

winning all with a total of 95 points scored against 6 made by opponents. The Olympians have also played four games, winning three and losing one to Stanford, they have scored 28 points against their opponents' 25.

The game Saturday will be the third fifth encounter between California and the Olympic club since the first meeting in 1892. No seven Stanford, which established athletic relations the same year, has met California as often, as the big game this fall will only be the thirty-fourth between the Bears and Redshirts.

California has a big edge on the Post-Structors in the matter of victories, having won forty-one games, lost three and tied one. California won all seven of the early contests that were played from 1899-14.

## Benefit Game Of Lions, Realtors Next Tuesday

The Richmond Realtors and Lions will play a benefit ball game at First street park next Tuesday afternoon at 4 o'clock, according to an announcement made at the first breakfast meeting of the Richmond Real Estate Salesmen's club in the Hotel Carquinez yesterday morning. The proceeds from the game will be donated toward the prevention of tubercular children conducted by the county in Marsh Creek canyon and aided by the service clubs of the county.

Paul Spurr was elected delegate to the Contra Costa county Board of Realtors without opposition. Mrs. Clara Hansen reported on the state convention recently held in Santa Monica and attended by her and Mrs. H. W. Bryant. Mrs. Bryant suggested the establishment of a library for the members, material to be secured from the educational department of the state association in Los Angeles.

Stephen Barnson, state real estate commissioner, addressed the members calling their attention to practices in the profession which are not satisfactory to the administration and which he hopes will be eliminated soon. He is seeking to make it compulsory for real estate salesmen to pass an examination of state laws, particularly the state land laws, and all forms of legal papers used in real estate transactions.

Chairman Paul Adkins opened the breakfast session, and E. C. Crane was admitted as a new member. Mrs. Emma H. Genzel and Edward A. Burg were guests. Those present included Adkins, John A. Daniels, Mrs. H. W. Bryant, Mrs. Emma H. Genzel, Mrs. K. A. Cole, E. C. Crane, Mrs. Clara M. Hanson, Edward A. Burg, Reese Hays, Basil L. Spurr, Harry Preiss and L. T. Holt.

You'll laugh, really! It is so easy and doesn't hurt one bit! It works like a charm, every time.

A tiny bottle of "Freezone" costs only a few cents at any drug store, and is sufficient to remove every hard corn, soft corn, corn between the toes and calluses—Try it!

## ALL-RICHMOND GRID TEAM TO BE ORGANIZED

Richmond is to have a football team in the Spalding league, according to plans of John Walker, former all-navy halfback now living in this city. The team will be known as the All-Richmond.

Walker hopes to have his team organized so that they can play the first game one week from Sunday. He believes that there is sufficient available material in Richmond to make a good team and is interviewing aspirants at his home 202 Bissell avenue or phone Richmond 905-W.

Four teams have already signed for the Spalding league. They are Burlingame, Stockton, The Barbarians and the Antlers. Walker played last year with the Antioch team, winners of thirteen out of fourteen games and has played football for over ten years.

# Camel

The cigarette preferred by experienced smokers

In the remarkable growing popularity of the cigarette, many brands have bid for favor, but Camel continues to lead by billions.

Quality put it there—quality keeps it there.

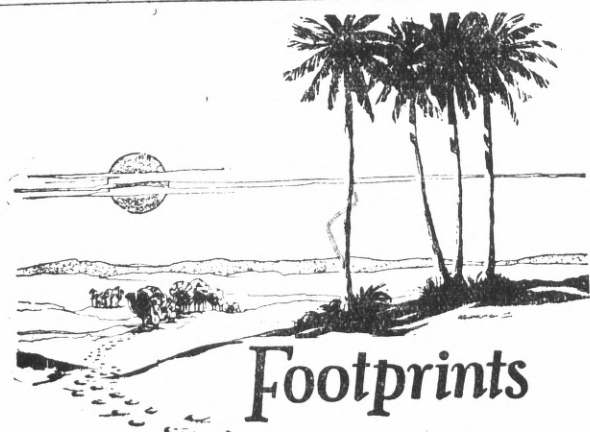

If all cigarettes were as good as Camel you wouldn't hear anything about special treatments to make cigarettes good for the throat. Nothing takes the place of choice tobaccos.

## Footprints

In the "sands of time", footprints are marks of progress. In the business world, steps may often be symbols of lost motion. Much valuable time is wasted walking from desk to telephone and back again, when an office is not adequately supplied with extension telephones. And so the extension telephone in the office and plant, as well as in the home, is recognized as a saver of countless steps and valuable time.

Consult the business office of the telephone company for an extension plan best suited to your requirements.

PLANT AUTOGRAPHS AND THEIR REVELATIONS—Bose, 1927.

Sr Jagadis Bose has been conducting some peculiar experiments at the Bose Institute in India. It is known that metals respond to stimuli, are subject to fatigue, irritated by certain drugs and killed by poisons. That is, the boundary lines between the realms of living and non-living matter are vanishing. Between the extremes of ignorance and matter and of animal life there is the vast expanse of the silent life of plants. It is in this field that Dr. Bose has done his work. With instruments of extraordinary sensitivity he has explored into the realm of the invisible and found an almost complete unity between the plant and animal as to physical behavior, response to stimuli, the effect of drugs etc.
